Dear Madam/Sir,

In connection with your request for payment of the balance, I would like to inform you about the calculations for your grant.

Since your balance is positive, we intend to make a **payment of EUR 30 000.00** to cover the balance.

You will find the detailed calculations in the enclosed documents.

If you are coordinator of a consortium, please distribute the payment between the participants of your project without delay.

The evaluation of your Town Twinning project is approved with the following comment: The project has contributed well to the objectives and priorities of the Citizens, Equality, Rights and Values Programme by bringing interesting topics of discussion to a citizens debate, such as cultural diversity and common heritage, gender equality, Euroscepticism, citizen involvement, solidarity in times of peace and crisis, together with attractive festive activities. The project allowed the participants to share local experiences and best practices. The project activities and objectives were successfully implemented, and in accordance with the application. The municipalities as well as the citizens involved in the project activities were satisfied with the achieved results. Indeed, the dissemination of the project results reached the participants, local and regional communities, ensuring a good level of impact and visibility.

If you disagree, please provide us with your **observations** — within **30 days** after receiving this letter.

Please ensure that the other participants in your project (if any) are informed of this letter and are given the opportunity to contribute their observations.
